The 4-Way Test

Of things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIP?
4. Will it be BENEFICIAL to all concerned?

THE NEW YEAR

"Make New Year's goals. Dig within, and discover what you would like to have happen in your life this year. This helps you to do your part. It is an affirmation that you're interested in fully living life in the year to come.

Goals give us direction. They put a powerful force into play on a universal, conscious, and subconscious level. Goals give our life direction.

"What would you like to have happen in your life this year? What would you like to do, to accomplish? What good would you like to attract into your life? What particular areas of growth would you like to have happen to you? What blocks, or character defects, would you like to have removed? What would you like to attain? Little things and big things? Where would you like to go? What would you like to have happen in friendship and love? What would you like to have in your family life? What problems would you like to see solved? What decisions would you like to make? What would you like to have happen in your career?

"Write it down. Take a piece of paper, a few hours of your time, and write it all down – as an affirmation of you, your life, and your ability to choose. Then let it go.

"The New Year stands before us, like a chapter in a book, waiting to be written. We can help write that story by setting goals."

Melody Beattie, The Language of Letting Go

Read to us by President Cynthia last week. Worth repeating!
