The 4-Way Test

Of things we think, say or do

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOOD WILL and BETTER FRIENDSHIP?
4. Will it be BENEFICIAL to all concerned?

TODAY

Today we'll hear about all the changes at the library since voters formed a special library district during the election last May. Library Director Kate Lasky will tell us about what's happening with JCLI, the non-profit that's been running the library for the past 10 years, how it's going with the newly elected board of directors, and what the future holds for the libraries now that we have stable funding.

Kate Lasky has been the executive director of Josephine Community Libraries, Inc. since 2010 and recently began her new role as the director of the newly formed Josephine Community Library District this past October. Kate is active in the Oregon Library Association as a board member for the Public Library Division and serves on the board of Oregon Humanities.

COMMUNITY SERVICE GRANTS

The Community Service grant application is now available. You can either download it from eCOGS or ask one of the committee members for a copy. The applicant must be a non-profit organization. Community Service Committee/Community Grant applications must be postmarked by March 31, 2018. Questions may be sent to: Wizzwigtoo@gmail.com

NOTE: Generally, funds are awarded only for capital projects benefitting children and to be completed within one year of the award. Maximum award is \$1,500.00.

You can download the application or contact Craig Dent and he will give you a copy.

SENIOR LOGIC

I went to the liquor store Tuesday afternoon on my bicycle, bought a bottle of Jack Daniels and put it in the bicycle basket. As I was about to leave, I thought to myself that if I fell off the bicycle, the bottle would break. So I drank all the Jack Daniels before I cycled home. It turned out to be a very good decision, because I fell off my bicycle seven times on the way home.

SENIOR RIDDLE

Here is the situation:

You are on a horse, galloping at a constant speed.

On your right side is a sharp drop-off.

On your left side is an elephant traveling at the same speed as you.

Directly in front of you is a galloping kangaroo and your horse is unable to overtake it.

Behind you is a lion running at the same speed as you and the kangaroo.

What must you do to get out of this highly dangerous situation?
(You'll find the answer somewhere in this newsletter)
